At the Paris Grand tonight will be presented one of the best farce comedies ever seen in Paris. It comes to us direct from a run of 100 nights at the Broadway Theatre, New York, and the New York papers were unanimous in their praises of it. "The Real Widow Brown" is free from any semblance of a plot. It was written and is produced for laughing purposes only. If you have a grouch or a bad case of the "blues" "The Real Widow Brown" is a positive and never failing cure. There is a delightful sprinkling of high-class musical numbers and specialties, all of which are new, and the songs are of the kind which will be whistled and hummed on the streets of Paris the next day. Popular prices of 25, 35, 50 and 75 cents. Seats at Oberdorfer's.

Prospects Bright for 1910 Club.

When the sound of the bell assembles the members of the Paris Base Ball Club together to begin their preparations for the struggle of the season of 1910, several new faces will appear among the number and three of the men who figured prominently in the game last season will be missed. Dugger, Elgin and Ochs will be the three men who will sever their connection with the Paris club and advance to higher clubs in the base ball profession.

When Dugger left Paris at the close of last season, several exhibition games in which he participated, attracted the attention of the management of the Evansville club, and, coupled with the record he made while a member of the Paris club, were the principal factors in securing him a berth on that team which is a member of the Central League. Dugger figured in 86 games, batted at 243 and fielded at 974.

Paris sustained another great loss when Fred Ochs, the clever center fielder was drafted by the Norfolk club, and later sold to the Rock Island, Ill., club, which is in the B class and another step higher in the profession for this clever little player. Ochs led the Paris club in batting last season with an average of .288. He participated in 112 games and had a fielding average of .976.

The third member of the Paris club who is to advance to a higher league is Jeff Elgin, who has been released to the Dayton, O., club. Elgin was last season signed by the Dayton club, but when he took up the task of sojourning subscriptions to put the Paris club on its feet, the management of the local club engaged his services from that club, with the proviso that he was to be returned to them when his services were needed. Now that Punch Noonan has assumed the management of the Dayton club he sent in a call for Elgin with the result that he was released to them and will be seen in a Layton uniform next season.

One of the best men drafted to higher leagues, the management of the Paris club is scouring the country for new men to fill their places, and up to this time five have been signed up by President Bacon, three pitchers, one outfielder and one catcher. George Bellbougge, of Cincinnati, will be here next spring for a tryout behind the bat, and Quay Franklin, who will come all the way from Oklahoma, will be tried in an outfield position. Frank Edington, of Indiana, Leslie Penney, of Cincinnati, and Sim McElfresh, of Venona, Ind., are new sal. men to be looked over by the Paris management.

Edington and Penney have never before been signed up to play professional ball, but last season McElfresh was signed by Paris and was one of the first pitchers to report for duty. It being his first trip away from home to stay for a lengthy period, he soon became afflicted with homesickness and tried himself away to his Indiana home, but instead of suspending him the Paris management held to the string they had on him and the next season he will return to the camp of the Bourbonites. He is a young man of fine physique, and is regarded as being a possible contender for a berth on the pitching staff of the Paris club.

With the number of players that have been retained by the Paris club, the management has the nucleus of a strong team which with a good start at the beginning of the season, will be a lively contender for the pennant of 1910. In regard to the prospects of a fine team for next year President Bacon says: "We are going to have a playing club next season that will eclipse the club of 1909. Although we lost three of our best players we are scouring the country for new material and hope to have an abundance of it before the season opens. At all hazards Paris must have a winning team and nothing at all is likely to stand in the light of this venture of the Paris management."

When the spring season opens the local management will begin the improvement of White Park by the enlargement of the seating capacity of the grand stand and bleachers. The recent purchase of 3 lots adjoining the park makes this possible and the large crowds which attend the games last season gives an attestation to the necessity of such an improvement.

Twenty-Fifth Anniversary of Louisville Times.

The Louisville Times will commemorate its twenty-fifth anniversary by issuing on December 31 the biggest and greatest and most complete newspaper ever printed in the South or West. The paper will consist of one hundred or more pages, eight hundred or more columns of matter. It will be illustrated throughout with hundreds of half-ton pictures. The paper will weigh over two pounds. It will contain hundreds of special articles, too numerous for us to mention, suffice to say this will be the greatest paper ever issued in Kentucky.

The Times of this issue, Friday, December 31, will be a history and a souvenir worth keeping for all time. Despite the tremendous extra expense, the price of this paper will be the same as usual, two cents a copy. Add 3 cents to this if you desire it mailed to you direct from the Times office.

As a small indication of the expense the Times is going to in getting out this Twenty-Fifth Anniversary Number, it may be stated that the actual cost of the white paper alone used in one paper is about five cents.

If there is an agent in this town, order the paper from him at once, for delivery day of publication. If there is no agent, send your order direct to the Times, with remittance for one or more copies.

Cures Dyspepsia; Trial Is Free

It is a popular mistake that only wealthy people who eat rich and highly-spiced foods suffer from dyspepsia, or, as it is also known, indigestion. The laborer in the street, the worker in the field also finds himself a victim of this disorder. Among the very greatest sufferers from it are women.

Dyspepsia is indicated by a constant feeling of laziness, by loss of appetite and troubled sleep; by sour stomach and distress after eating; by bad complexion and lusterless eyes.

There is no surer and speedier cure for this trouble than Dr. Caldwell's Syrup Pepsin, which dyspeptics have been using successfully for twenty years. This great herb-laxative compound cured Capt. Clark, of Buffalo, N. Y., of dyspepsia and sour stomach that he had had for forty years, or until the lucky day that he heard of Dr. Caldwell's Syrup Pepsin. It cured Joel Adams, of Montgomery, Ala., after suffering continuously for sixteen months. These are only a few of the many. But it is not expensive to be cured with this grand remedy, as it can be bought at any drug store in a 50-cent or \$1 bottle.

Your very neighbors are probably life-long users of Dr. Caldwell's Syrup Pepsin, but if you want to know without expense what it will do for you personally, send your name to Dr. Caldwell and he will be glad to send you a free trial bottle. He is actually anxious to have you make a test of his remedy.

Thousands of families everywhere keep it in the house against such an emergency as constipation, sour stomach, indigestion, biliousness, dyspepsia, heartburn, torpid liver, etc., which may come on a member of the family any day. It is pleasant to the taste, acts gently and does not gripe. It is the great children's laxative tonic.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell bldg., Monticello, Ill.

Burley Society Wins in Court of Appeals.

The Court of Appeals Friday by unanimous vote reversed the decision of Circuit Judge J. M. Benton, who appointed Lee S. Baldwin and Julius Lisle receiver for the Burley Tobacco Society's pools of 1906 and 1907 and in an opinion written by Judge Ed. C. O'Rear declares that the action of the lower court was premature.

No decision is rendered as to the ownership of the \$301,000 fund realized from the outage fees of \$2 a hoghead in the sale of the pooled crops of 1906 and 1907 which were sold to the American Tobacco Company and the independent manufacturers in the fall of 1908.

The money of the Burley Tobacco Society show deposited in Clark county is released from the hands of the receivers and probably will be immediately withdrawn from Winchester banks and deposited in Lexington.

The opinion of the higher court that the decision of the circuit tribunal is premature is based upon the fact that the decision of the circuit tribunal is premature is based upon the fact that while 90 per cent of the \$20,000,000 received for the two pools has been paid out, there are still pending suits against the Burley Society filed by the independent manufacturers and suits on behalf of the Society against the independents for damages arising from their failure to take the pay for the crops assigned to them in the meeting at Louisville, which ended the long tobacco war and in which the growers won practically every point which they had contended.

The opinion of the court in the case is in full as follows:

"The Burley Society vs. J. E. Gaitskill, etc.

"A receiver was appointed by Judge Benton of the Clark Circuit Court, for certain money, books and other property of the Burley Tobacco Society, at the suit of J. E. Gaitskill and others, four members of the society who complained that it had failed to distribute as it should all the proceeds of sales of the 1906 and 1907 pools of tobacco.

"The Burley Tobacco Society is a corporation organized in January, 1907, without capital stock, for the purpose of promoting the interests of the growers of burley tobacco in certain counties of Kentucky, Ohio and Indiana to sell the tobacco of its members.

"The crops of 1906 and 1907 pooled with it sold during the fall of 1908 and summer of 1909. The sum realized was nearly \$200,000,000, 90 per cent of which has been disbursed to the members of those pools.

"Certain features of the business are yet unsettled; some claims on the part of the society amounting to \$130,000 and which are pending in court have not been adjudged; and certain suits against the society and some of its members for damages arising, it is alleged, out of the course of the business, have not yet been disposed of. Those suits involve about \$900,000.

"The expenses necessary to defend them has not yet been ascertained, other items of expenses connected with the pools of 1906 and 1907 have not yet been ascertained or settled. In this state of affairs complaint by members for an accounting in court is premature.

"The appointment of the receiver was unauthorized by the state of the record or by the situation disclosed by it. No other question was reconsidered or determined. The judgment is reversed and the case remanded for proceedings consistent herewith. Whole court sitting."

Trouble Makers Ousted.

Warning to Husbands.

A terrible warning to husbands who are over indulgent with wives is conveyed by the story coming from New York telling us that Mrs. Katherine Jausrieder ended her life because her husband was "just simply too good" to her. Disappointed because her partner never abused her, the unhappy woman, after enduring his kindness as long as she could, took a quaff from a bottle of tincture of iodine. How many of her poor sisters are suffering from the same cause, nobody knows.

Kentucky may be far behind some of her sister states in the manner of manufactures, education and some other things, but when it comes to furnishing money to run the Government, Uncle Sam needs Kentucky in his business. Illinois is first by a large sum, New York is second and Kentucky is third, only a few dollars behind New York.

Unreasonable Allowance.

In the Fayette Circuit Court yesterday Judge Watts Parker held that an annual allowance of \$1,500 was an unreasonable allowance for Mrs. Maggie Rogers McClintock for alimony during the pendency of the suit for divorce from her husband, James D. McClintock. The court stated that Mr. McClintock's estate is valued at about \$30,000, and that Mrs. McClintock had possession of the child, and fixed the allowance at \$1,000 a year, payable monthly. Mr. and Mrs. McClintock formerly resided in Paris, but of late Mrs. McClintock has taken up her residence in Fayette county.

What is nicer for a Christmas present than a Morris or slumber Chair. Any man would appreciate one, so why not see my line before deciding to buy? Shaving stands make nice gifts for men, too.
J. T. HINTON.

Bourbon Wool Growers.

The wool growers of Bourbon county met in the county court room Saturday afternoon, and upon motion elected Sidney G. Clay, chairman and J. B. Fisher secretary. M. Clay stated that the purpose of the meeting was to organize the Bourbon County Board of Control so as to be able to unite with all the counties in Kentucky in a State organization known as the Kentucky Wool Growers' Association.

Mr. Clay laid special stress upon the importance of pooling the wool clip of Kentucky which aggregates nearly \$15,000,000 per year, and of which Bourbon county furnishes 125,000 pounds. The speaker stated that each year from one to four middle men make from one to three cents per pound, which means a loss alone to the farmers of Bourbon county of more than \$10,000 each year.

Mr. Clay said this amount can be saved by pooling the crop and selling direct to the manufacturer.

The organization was perfected by electing members of the Board, viz: Sidney G. Clay, V. W. Ferguson, J. Hal Woodford and Thomas Henry Clay, Jr. Mr. Sidney G. Clay was elected as delegate to the State meeting which meets in Louisville today. The meeting adjourned to meet Thursday, December 23, when the directors will elect officers for the coming year.

Why Not Make the Home a Present?
Does it Need a New Stove or Range?
Why Not Send it a "Bucks."

Nothing more useful than a fine new range. Surely nothing would better please the good housewife than a new range to replace the old and worn one.

The better the gift then, the greater the thanks of the recipient. If you would have the greatest satisfaction in knowing that your gift was giving the best possible satisfaction and service, make your choice a "Bucks."

Your gift will then be giving the recipient better than it's possible for any other stove or range to give, for the best in stoves and ranges bears the "Buck's" trade mark. Doesn't the home need a new stove or range? Then why not make a brand new "Buck's" a Christmas present to the home?

—Mrs. Jennings and sister, Miss Kathleen, who have been the guests of their aunt, Mrs. C. C. Fisher, for the past two weeks, returned Thursday to their home at Castletown, Va.

—Mrs. Lavina Vimont has returned from a month's visit to her son, Mr. A. T. Vimont and wife at Asheville, North Carolina. She reports Mr. Vimont doing nicely.

—Mrs. C. R. Jones is at the home of her parents, Mr. and Mrs. Thos. McClintock, with appendicitis. Dr. Barrow, of Lexington, was called in consultation with Dr. Smith Sunday.

—The Dramatic Club of M. M. I. gave an entertainment Saturday evening which was greeted by a large audience and consisted of two short dramatic pieces, interspersed with vaudeville. The characters were all well chosen. The work was gotten up by the cadets, and not by an instructor. Some of the boys should they pursue this work, are calculated to make artists. The music was also one of the pleasant features of the evening. The cornet solos by Elder W. A. Gardner and the vocal solo by cadet Peak, were among the pleasant features of the evening.

The King's Will.

King Leopold, by his will, filed Friday at Brussels, cuts off his three daughters with a bare million dollars apiece. The result, it is conceded, will be a long and bitter contest in the courts over the enormous fortune left by the sovereign. The funeral will be held Wednesday and on Thursday Prince Albert will be sworn in as king. The suggestion that the eldest son of the Baroness of Vaughan would be put forward as a claimant for the throne is not regarded seriously. The woman will probably be expelled from Belgium.

A Popular Fallacy.

The generally accepted belief that a person is useful in proportion as he is busy is controverted by a writer, who says: "I have a dog that is loaded up with fleas. In the summer time, when the fleas are plenty, that is the busiest dog I ever saw; when he isn't biting at the fleas he's snapping at the fleas. He never has a minute to spare, but when he is the busiest he is the least account for practical purposes. And there is a young fellow in my neighborhood who has a Waterbury watch, and he smokes cigarettes. When he isn't winding his watch he is lighting a cigarette. He is a mighty busy young man, but he isn't worth two hoops in a water barrel."—Rule. (Tex.) Review.

Santa Claus Sails.

A "Christmas Ship," the St. Louis, of the American line, bearing the largest consignment of mail that has left the United States this year, steamed away Saturday for England and France. Her sailing had been put a day ahead in order that the holiday gifts aboard might reach the folks in the old country in time for Christmas delivery. Three thousand sacks and 8,000 packages constituted the Santa Claus consignment aboard. Nearly \$3,000,000 was received at the New York post-office Thursday and Friday for conversion into foreign exchange.

Winchester Saloon License Refused.

The Winchester City Council Friday night refused the application of Messrs. Joe Brown and George Proctor for a license to conduct a saloon in the Brown-Proctor Hotel in South Winchester. The application was filed December 7, the day after the city went wet at the loons option election by a majority of three hundred and fifty-eight.

The only portion of the towns in which saloons are not conducted is North Winchester and in one ward. The petitioners assume that under the present law the result of the election makes it possible for saloons to be conducted in any portion of the city. The request was denied for the reason the members of the Council did not think they had the right to issue a license.

Messrs. Brown and Proctor will institute mandamus proceedings to compel the Council to issue the license and the case finally will be carried to the Court of Appeals for decision.

Zelaya Cables Taft.

President Zelaya cabled a conciliatory message to President Taft. He added that he proposed to leave the country, but stood ready to account for his acts as President.

Fines Remitted.

Senator W. O. Bradley and the attorneys who were engaged with him in the defense of Ben Hargis, Friday were relieved of the State's part of the fine assessed against them by Judge Adams during the trial of the Hargis case. Gov. Wilson remitted the State's part, as the Court of Appeals, in affirming the sentence imposed upon young Hargis, and that the fine was not properly imposed. The men who were fined were Senator Bradley, D. B. Redwine, J. J. Bach and Will A. Young. The State's part of the fine amounts to only \$2.40 for each and it is rare for a United States Senator to ask remission of a fine so small.

A Thrilling Rescue.

How Bert R. Lean, of Cherry, Wash., was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For lung trouble, bronchitis, coughs and colds, asthma, croup and whooping coughs its supreme. 50 cents and \$1.00 Trial bottle free. Guaranteed by Oberdorfer.

The Crecelius Law and the Little McCord Bill.

At the last meeting of the District Board of the Burley Tobacco Society, December 7, 8 and 9, a resolution was passed to ask all newspapers in the counties in which tobacco is pooled to carry a copy of the Crecelius Law and the Little McCord Bill. This was done because certain persons had violated their contracts, claiming that they did not know that the above laws were in existence.

CHAPTER 8.

ACTS OF THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF KENTUCKY, 1908.

AN ACT to amend section 3 of an act of the General Assembly of the Commonwealth of Kentucky, approved March 21, 1906, entitled, "An act permitting persons to combine or pool their crops of wheat, tobacco and other products and sell same as a whole and making contracts in pursuance thereof valid, being Chapter 117 of the Acts of the General Assembly of the Commonwealth of Kentucky for the year 1906."

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

1. That section 3 of an act entitled, "An act permitting persons to combine or pool their crops of wheat, tobacco and other products and sell same as a whole, and making contracts in pursuance thereof valid, approved March 21, 1906, being Chapter 117 of the acts of the General Assembly of the State of Kentucky for the year 1906, be and the same is hereby amended and re-enacted so as to read as follows:

Such persons so entering into such an agreement or contract to select an agent or agents through or by or with whom said parties so entering into such an agreement may classify, grade,

All contracts heretofore made by any person or persons for the purposes set out in the foregoing sections are hereby declared valid, if otherwise legally binding on the parties.

INJUNCTION MAY ISSUE TO PREVENT BREACH OF CONTRACT.

To prevent any breach or violation of contract made for the purposes set out in the foregoing sections a restraining order and writ of injunction may be issued by proper officer, as prescribed in Civil Code of Practice.

DAMAGES MAY BE RECOVERED FOR BREACH OF CONTRACT.

For any breach or violation of contract entered into for the purposes set out in the foregoing sections, the injured party may recover the damages sustained by him by reason of such violation of such contract of the persons violating the same, and also of any person who shall induce or persuade another to violate such contract, which damages shall include the reasonable expense and attorney's fees incurred by the injured party in prosecuting an action to recover such damages, or to prevent a violation of such contract, if the party complaining shall succeed in

doing so, which may be recovered in the same action or original proceeding.

PENALTY FOR BREACH OF CONTRACT.

EMERGENCY.

2 WHEREAS, many crops of tobacco and other products have been combined and pooled in this State, under contract and agreement entered into for the purpose set out in the above section, an emergency is now declared to exist, which requires that this act should and shall take effect from and after its passage and approval by the Governor.

Approved March 13, 1908.

LITTLE MCCORD BILL.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

1,100 Acres in Corn.

Ellerendorf Farm, near Lexington, will plant the coming season, possibly the largest individual acreage of corn in Kentucky if not in the country. This farm, the property of J. B. Haggin, expects to cultivate 1,100 acres in corn. Last year this big estate planted 700 acres in that cereal alone, and received a good yield. It was thought by the management that the good work might be carried to a greater success and for that reason he immense increase will be made.
